

European Commission LIFE Environment program co-financed project
"Adaptation of Water Framework Directive and Habitats Directive harmonization and integrated actions for freshwater quality improvement in Salaca river sub catchment"

(LIFE IS SALACA)

Grant agreement 101114155 — LIFE22-ENV-LV-LIFE IS SALACA

Deliverable D2.7. Annotation in English

"Common database"

Activity T.2.4.1 Compilation and evaluation of available data from surface water and habitat surveys

Authors: LEGMC, NCA, BIOR

30.06.2024

Annotation

The delivery consists of two parts: the GIS data in a shape file format and the common data in a MS Excel file. The shape file contains information about the spatial location of the sampling sites included in the common database. The common database contains information about measurements of physical and chemical parameters, results of macrophyte, fish, hydromorphology and habitat quality surveys, results of phytobenthos and benthic invertebrate analysis.
